

Tristan (Spanish Edition)

En la novela Tristan la escritora peruana Patricia de Souza reconstruye a través del lenguaje la relación de una mujer con un joven. La ausencia del amante genera una especie de deseo de reconstrucción. Los recuerdos de detalles mínimos cobran significados cambiantes, a veces reveladores. Casi siempre deformantes. Tristan, la escritora peruana Patricia de Souza reconstruye a través del lenguaje la relación de una mujer con un joven. Es la lucha entre las imágenes y las palabras para darle cuerpo a episodios que se desvanecen. En realidad, el amante se va convirtiendo en el frágil hilo conductor de reflexiones en primera persona sobre el amor, las demandas del cuerpo, las propias debilidades y formas de huida, el poder de la fotografía y de ciertos libros. Autoficción llevada al pensamiento.
