

Its Not Nostalgia

Born in Orange, N.J. in 1942, youngest of seven in an Irish-American family of cops, priests, and politicians, Lally started out playing piano and reading his poetry in coffeehouses and bars in 1959. By 1980 he wrote twenty books, including the poetry collection *Rocky Dies Yellow* (1974) and a collection of prose and poetry, *Catch My Breath* (1978). After creating several poetry reading series in D.C., New York, and L.A. in the 1970s and 80s, Lally was declared The Godfather of Poetry by several magazines, newspapers and fellow poets. From *Its Not Nostalgia--Its Always There: Mayday* means a lot to me--processions with a statue of Our Lady & the girls in white dresses scattering flowers all the way--speeches by the priests against the Commies who were having their own parades--and theirs all started in Chicago & the fight for the 8-hour-day--ours in the forests of Europe & the worshipping of Mayas the start of the goodtimes of Spring & Summer
