

## A Man Made Entirely of Bats

Dive into this collection of stories about the strange things that happen in a world not too unlike our own. *A Man Made Entirely of Bats* is a collection of short stories and flash fiction by one of Australia's newest voices. Comedic and absurd, these stories are an entertaining exploration of the concept of superheroes and of the super strange in our world. This is well-written silliness, with stories such as *Radioactive Jerk*, the tale of a man bitten by a jerk, therefore gaining the exponential strength of ten jerks, and *The Insomni-Yak*, about a man who can't sleep and is visited by a well-meaning yak every night, and many more.
