

## Fairest: The Complete Collection (Erotic Fairy Tale)

When she goes into hiding from her evil Aunt Morwenna, the last thing Princess Snow expects is an erotic awakening - but that's exactly what awaits her. After losing her virginity to the hunter Jack, Snow spends a sinfully exciting night with the seven miners who are protecting her. Will Morwenna succeed in taking the crown, or will Snow and her lovers prevail? This erotic retelling of the Snow White fairy tale contains the following stories: **Hunted** - Princess Snow lives a charmed life in the kingdom her parents rule. That all changes when her evil Aunt Morwenna kills her parents in a bid for power. Morwenna pays a hunter named Jack to take Snow into the forest and kill her as well. When he takes pity on her and tells her of the plot, she repays him with the only thing she has left - her virginity. **Hidden** - After losing her virginity to the hunter Jack, Princess Snow finds herself lost in the woods. She finds a cottage owned by seven handsome miners and they take her in. A night of revelry results in a confession by Snow and an offer to her new friends. Will they take her up on it, or does she risk losing everything once again? **Saved** - After surviving a poisoned apple and overthrowing the evil Queen Morwenna, Princess Snow realizes that she loves Jack the hunter and they plan to marry. However, their passion is interrupted by Snow's nosy Nurse, who takes it upon herself to make sure that the lovers stay apart until they are legally wed. Will they be able to contain themselves until their happily ever after, or will they find a way to slake their thirst for one another before the big day? This steamy collection is 11,200 words long. Warning: for adults only! Contains explicit first time sex, oral sex, a handjob, sex with multiple partners, and masturbation.
