

## Backspace

Backspace By Lindsay Price Drama  
Simple set 30 minutes [6W+2M+15  
Either] Being a writer is not for the faint of  
heart. Not for the weak. Things get bloody.

In the world of Backspace, writing is a  
struggle, a battle, a war. Writers go off to  
the front lines to fight Ideas who resist at  
every turn. They stare at the Blank Page  
and must stand strong when she starts  
talking back. They look for anything and  
everything to move their writing forward.  
The front is littered with writers who have  
given up. Will our four young writers face  
the same fate? Every word is another word  
closer to Victory! An excellent theatrical  
experience for any cast or any class. The  
play explores personification in a unique  
and vivid manner. Where else can you  
bring a typewriter to life?
