

The Bird, the Spider and the Octopus

A little on the darker side, this book doesn't give you the expected redemption or insight into a richer meaning in life. The stories here explore the burdens of greed and revenge and the hopelessness of self-destructive behaviors, behind the guise of three strange little creatures. Beware, the whimsical yet affecting illustrations may trigger tears, laughter or horror. This edition is limited to 1000 copies signed and numbered by the artist.
