

The Innocents

From Library Journal The Innocents is a brilliant portrayal of the tensions, love, and doom that pervade the lifelong relationships of three women in South Africa. The ambitious Zelda, the gentle Hannah, and Ruth, Zeldas adolescent niece, live together on Zeldas successful farm. As Hannah is black and Zelda is white their sharing the same house is illegal, dangerous. Why are they so accepting of their positions as defiant pariahs? What is the mystery surrounding Ruths origins? And what role does the sensitive Dawie, Zeldas twin brother, play in this gripping story? Slaughter has captured for a world audience the intense sadness of the racial tensions engendered by the horror of apartheid and the bizarre, anachronistic, and haunting environment that is South Africa today. Slaughter is the author of The Banquet and A Perfect Woman. Literary Guild alternate. Jean B. Palmer, Andover, Mass. Copyright 1986 Reed Business Information, Inc.
