

# The Last Hostage

High above the Rocky Mountains, a routine airline flight becomes a midair standoff as 130 passengers listen to their captain relate the unprecedented demands of an unseen hijacker. Federal and state officials must hunt down, arrest, and indict the murderer of a young girl, and do it all in eight hours - or the airplane will be blown out of the sky. With the airline in confusion, the media pursuing, and the hijacker forcing the aircraft into wild maneuvers as they head toward Salt Lake City, the FBI reluctantly fields its closest hostage negotiator, a rookie female agent and psychologist named Katherine Bronsky.
