Lesbian: Romance Collection - Vol 2 This Collection Includes: Book 1 Medium Violet Graves from Manhattan, New York communicates with the spirits of those that have passed over to the other side. However when it came to her own sexual relationship she had no idea that it was dead in the water so to speak. She came home after doing one of her regular medium tours going from city to city across the country helping others with communicating with their dead loved ones. She does shows for fairly large audiences and private sessions as well. She is accompanied by her older sister Peggy, who is also her manager. Peggy is also responsible for booking all the shows that Violet does. Well after this last tour when Violet arrived home, she walked into a quiet and half empty house. Her partner Lauren Tabbert, of four-years, had up and moved out while Violet was away on tour. The first thing Violet said when she walked through the front door of her house was I didnt see this coming. However, Violet begins communicating with a lovely spirit, who appears to Violet in her own home. Violet is awakened by this lovely female Asian spirit, Tuka, who is haunting the large Oriental wardrobe that Violet purchased at an auction recently. Please enjoy reading the book and follow Violet on her adventures as she makes her way towards finding true love with a kind spirited woman who shares her passions of the spirit world! Book 2 Sex and The City Vol 1 This story is based on the lives of five close friends that are lesbian women, living in Manhattan, New York, going through the struggles that life throws at them on a daily basis with the support of one another. In many ways the five friends are very different, from one another, from their personal tastes in choice of sexual partners, to career choices and everything in between. However, the one solid bond is that they are there covering each others

backs, looking out for one another in this sometimes cold and cruel world. They dont see each other as much as they used to, it seems that their careers and hectic busy lives are leaving less time to spend on socializing. It does present a challenge to try to get every one of the group in once place at one time it has been a long time since all the group has gotten together

Book 3-New Light Trouble was that deep down, she was still that girl. Shed become the kind of woman shed always hated back then. She still had desires though, desires for something more. She didnt want the kind of life her mother had had, the kind her mother had always expected her to have. Furthermore, she didnt want to be contented with such a life. For that was when the fire went out permanently. Accept the life that you didnt want and theyd got you. That wasnt going to happen to her.

Book 4 -Take me Online Jessica is really thrown for a loop when her boyfriend of four years ends their relationship suddenly, claiming that he was in love with somebody else. Once she moved out and started a new life, Jessica realized that she wasnt as happy as shed convinced herself she was at the time. A new roommate introduces her to a website where sexual desire runs rampant and Jessica gets sucked in all too easily. She realizes that she has longed for new experiences for a long time and it seems too easy to play around online. Everyone does. Until she meets a woman named Muse. That was a game changer and Jessica would find herself caught up in a whirlwind of sexual deviation that she never could have predicted. Could it be more than just an online fling?
